

DISTINCTLY INNOVATIVE DESIGNS

Parks Home Construction builds one-of-a-kind quality homes. We are known for building unique, functional homes that combine elegant design with utility. We can build from your own blueprints, or custom design a floor plan that will meet your needs from scratch, or you can choose a plan from our current inventory.

TIMELESS
CRAFTSMANSHIP

THE PARKS HOME CONSTRUCTION **DIFFERENCE**

As home builders, we pride ourselves on tradition. We have been a leader in the home building industry for a long time. As our standard trademarks, we like to focus on quality and customer satisfaction. We feel that there is no better form of advertisement than a satisfied customer. We will keep providing YOU, the customer, the same quality and cost-efficient homes as we have done so for many years. That's our tradition and that's what makes us different.

Our unique approach customizes the home building experience and ensures that your home is built for the way your family lives. Every new Parks Home Construction home is built to our high standards, and yours. Our step-by-step process includes strict quality control measures that ensure accuracy and attention to detail. It also keeps you informed along the way promising delivery of a home you'll be utterly delighted to call your own.

TROUT'S APPLIANCE

Since our creation, we have strived to achieve a reputation of outstanding service and personal attention. We believe that the service you receive in the purchase or repair of your items, should be of the highest priority. Our knowledgeable and experienced staff would consider it an honor and a privilege to help you with your appliance needs.
